Mine Design 484
HW 2 and 3

Report Subjects 5, 6, 7 and 8 include the Mine plan, Ground Control, Ventilation and Equipment Selection.

Homework 2 includes the mine plan layout and details of the ground control and ventilation designs and equipment.

Equipment selection details and productivity estimates are needed to do the mine timing and forecast and maps required for Homework 3.

Refer to the 484 Syllabus for more details about each subject area.

These papers will be graded on content, completeness and consistency as well as grammar and spelling. Team members must identify which separate parts of the assignment each has written for grading. Report style and organization, will be counted when the assembled draft report is submitted.
