Student Experience

“I could focus on the fact that Xiamen University is a famous university in China, with a beautiful campus and long beaches nearby, but I am not going to. The pictures speak for themselves.

Instead I would like to say that this city has a relaxed atmosphere. We live a comfortable life here. Xiamen is a modern city with everything you need, too.”

Magnus Bain (baisizhe) from Norway
Master's student in Civil and Commercial Law

Student Experience

Mohammed Mahabubur Rahman
from Bangladesh (centre)
Master's student in Ecology

“First of all, I must mention my teachers, fellow students and excellent learning environment.

Secondly, the scientific research of this university is really incomparable with lots of scientific research papers published every year in renowned international journals.

Thirdly, all the people of the campus are friendly! They are willing to talk with you and help you.

Fourthly, Xiamen is modern and is one of the cleanest cities in China.”

Live & learn in XMU

XMU has the perfect student environment in which to live and study. Founded in 1921, we have a long history of academic success, and a modern approach to study.
